HAWAIIAN SALMON IS CALIFORNIA BONITO

The return of the warm calm weather has brought the fish back to the waters near the reef and the many varieties dear to the amateur angler and professional fisherman are back at their old feeding grounds after an absence of several months.

The fishmarket is well filled with fish of a hundred different varieties these days and some strange specimens are being brought in.

Yesterday the rare piece was a long symmetrical fish to which the vendor had attached a label bearing the inscription "Hawaiian salmon." It had a slight salmony appearance but was an albacore and not a salmon. This fish is rarely taken in these waters; indeed it does not appear to have been noticed until comparatively recent years. It is Sarda chilensis, the California bonito.

It grows as long as three feet and weighs as much as sixteen pounds. It ranges from San Francisco to Patagonia and Japan and is very similar to the Atlantic bonito, Sarda sarda.

its flesh is coarse, dark red and oily. Another notable exhibit at the market yesterday was a giant laulau eel which was secured by Professor Thompson who will make a cast of it for the Bishop museum.

The kupoupu has put in an appearance the last few days. This is known as the "all fish," its flesh having been a great favorite with royalty in the old days. It is one of the most toothsome fish caught in these waters.

This month it is very plentiful in the lagoon and will take a hook greedily in very shallow water. It is a voracious fish and rushes at the bait in pickered fashion. When the tide is right and there are plenty of them about a good catch of kupoupu may always be had.

Strange crustaceans are sometimes brought to the market. Only the other day an alaoia, an insopod, over a foot long, was purchased for a dime and treated to an alcohol bath by a collector.

THREE HOT FAVORITES FOR MARATHON RACE

The three leading favorites for the Marathon to be run on Sunday are Nigel Jackson, Downey and Gomez. Jackson is running as well as can be desired and is confidently expected by his trainers to win.

Gomez is doing splendid work on the track and the other night reeled off twenty miles in two hours and a half. He appears to be getting better all the time and apparently never tires.

Downey confesses that he doesn't see how he can be beaten and expects to average seven minutes over the in the single figure division. He has come on wonderfully since the race to Haleiwa in which he finished plished in Honolulu's first real Marathon. The runners are all putting on the final touches to their training these days and crowds witness their work at the ball park every afternoon. It seems certain that the true accomplishment, will be the orders at the track this will be exceedingly creditable to the athletic reputation of the Territory.

Runners are requests to call for their passes, three in number, at the store of the Hawaiian News Co. tomorrow or Saturday.

Competitors are also reminded that they must either get a certificate of

medical fitness from Dr. Walters or their own physician before they can start in the race. This rule will be strictly enforced. No certificate, no start will be the orders at the track on Sunday afternoon.

Dr. Walters will be on hand at his office on Alakoa street on Saturday for the purpose of making examinations which, thanks to the courtesy of the doctor, will be free of charge.

Dr. Walters has also kindly consented to be on the ground during the race in case there should be a call for medical attention.

The Mayor has consented to start the race. He is getting to be quite a veteran at this kind of work having sent the Haleiwa field away on their long journey.

The services of the band have kindly been granted by the Supervisors and Kappelmeister Berger will play for the first time his stirring Marathon March.

Interest in the race is rapidly growing and the community as a whole seems to be taking a healthy pride in the fact that there are young men here who can run the Marathon distance under semi-tropical conditions. Promoter Jack Scully received a full set of Marathon rules by the S. S. of Manchuria this morning.

DEMAND FOR SANTA CLARAS

The Santa Clara College baseball nine which paid Hawaii a visit last year may make the trip to the Alaskan-Yukon Exposition for the purpose of crossing bats with representative teams from the Eastern universities which will take part in the baseball tournament at the Exposition.

Yale, Harvard, Princeton, Michigan and Chicago are expected to send nines to the great fair to contest for the intercollegiate championship. Stanford will also participate and Santa Clara have practically accepted the invitation to go north.

Keio University wants the Santa Claras to pay them a visit and has offered promising inducements for a visit to Japan. The Santa Clara boys defeated the little brown players in Honolulu last year but the Japanese claim to have a star nine in the field this year and hope to turn the tables should the negotiations result as favorably as anticipated.

FRESH DANGER FOR ROOSEVELT

Turkish Minister Killed and Young Turks Party Temporarily Overthrown.

DEMOCRATIC PARTY STATED.

Government Seizes Maryland Distillery for Violations of Law—Religious Riots in Mexico.

MOMBASA, April 15.—Forty deaths from smallpox have occurred at Nairobi, near a ranch where Roosevelt is expected to stay while organizing his expedition.

CONSTANTINOPLE, April 15.—Nexim Pasha, Minister of Justice, has been killed, and Riz Pasha, Minister of Marine, wounded. The reform party of young Turks has been temporarily overthrown. Quiet is restored.

DISTILLERY SEIZED.
BALTIMORE, April 15.—The government has ordered the seizure of the plant of the largest distillery in Maryland, including eight thousand barrels of whiskey, for violations of the law regarding substitutions.

DEMOCRATIC POSITION.
WASHINGTON, April 15.—Culbertson has announced that the Democrats, in conference, have agreed to support the income tax bill and to demand a substantial decrease of the tariff on the necessities of life.

BLOODSHED OVER RELIGION.
VELARDINA, Mexico, April 15.—Thirty people were killed yesterday in religious riots here. Fourteen rioters were summarily executed.

HASH STEW CAUSES A KICK

Editor Star:
Down at Camp Very
Every one is sore;
They used to feed pretty good,
But not so anymore
Some officer is in charge of mess,
And that will go to show
He wants an automobile
And he has to have the dough.

Men drilling twice a day you know
Must have something to eat.
But all they get now and then
Is a little chopped up meat.
Hash for breakfast, hash for dinner
Hash for supper too.
Next morning we get a dish piled up
With what they call hash stew.

They gave us pie twice a week
Which was not very mean.
And now if we want any pie
We must go to the canteen
And all the change they gather there
Goes to someones' jeans.
If all the men stay here two years
They'll go home very lean.

HUNGRY MARINE.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. SAM'L LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided.
Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

WORK MAY BE NULLIFIED

UNITED STATES SUPREME COURT HANDS DOWN IMPORTANT DECISION IN IMMIGRATION CASE.

The latest files from the Coast, which arrived by the Hibernian, bring news which will nullify a great part of the work which has recently been done by District Attorney Breckons and Immigration Inspector R. C. Brown, if the reports are correct. It is stated that the section of the immigration law which provides for the deportation of any woman who becomes a prostitute within three years after her arrival in the United States has been held to be unconstitutional. There are a number of cases of this character now pending in this city.

The dispatch mentioned ways:
WASHINGTON, April 15.—The supreme court of the United States today reversed the decision of the United States district court for the northern district of Illinois in the case of Joseph Keller and Louis Ulman, whom the lower court found guilty of keep-

ing in a house of ill repute in South Chicago an alien woman named Irene Bodi, contrary to the provision of the immigration law, which prohibits the retention of such a woman within three years after her arrival in this country.

The woman in question was a subject of Austria. The sentence was resisted on the ground that the portion of the immigration law involved is unconstitutional, and the supreme court so held.

The supreme court directed that the case be reconsidered and the indictments be quashed.

SAN FRANCISCO, April 6.—The schooner Alice McDonald, Captain Benson, arrived yesterday, 65 days from Papeete and 51 days from Rarotonga, with 700 tons of copra. The schooner encountered some heavy weather on the way home, and was more or less damaged aloft.

The Alice McDonald was not a happy ship. The sailors, several of whom spent intervals during the voyage in irons, say that Captain Benson is a hard man. The skipper says that the indifferent worth of his men compelled him to resort at times to harsh methods. Captain and crew agreed in being pleased that the voyage was at an end.

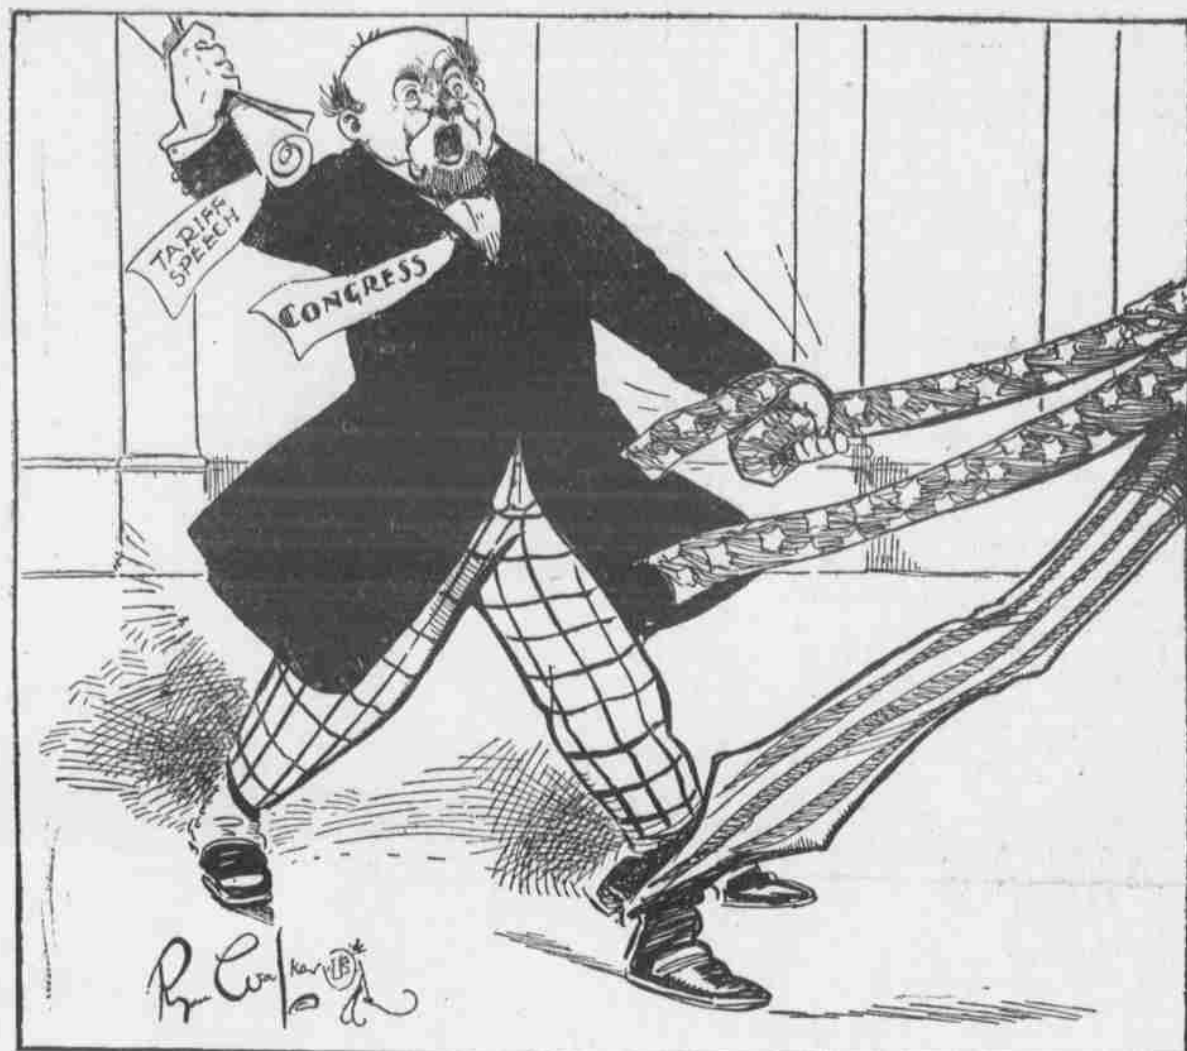

One of the crew deserted at Papeete

and Alexander Earle, a negro, was shipped in his place. Earle, however, was taken sick early in the voyage, and was unable to work. Captain Benson reported to Dr. Terry, the federal quarantine officer, that had tried nearly everything in his medicine chest on the ailing black, and had fed him from the cabin table all he could eat. Dr. Terry looked down the sick man over, pronounced his ailment indigestion and advised exercise as a probably effective remedy.

"If I'd only known it sooner," commented Captain Benson, "I'd 'a' had him 'well in a couple of days."

The bark Andrew Welch, Captain Kelly, is due to sail from San Francisco for this city within a couple of days. She will bring down 1500 tons of cargo, consisting mainly of hay, barley and fertilizer and also a number of passengers.

EXHAUSTED BRAIN
is a faithful cause of paresis, paralysis, epilepsy, insanity, etc. The early symptoms are headache, sleeplessness, irritability, etc., and the prevention and permanent cure of all such disorders is Dr. Miles' Restorative Nervine. At druggists. If first bottle fails to benefit, money back.

Congress—I don't care in how big a hurry you are, you have got to hear my tariff speeches.

People, especially tourists, are constantly asking what it is that gives Primo Beer its peculiar soft and agreeable flavor. They have "never tasted anything like it."

The secret lies in the brewing. Primo is made in a soft warm, evenly-tempered climate, which is a great advantage in itself. Every process takes place under the most favorable conditions—conditions that are unvary-

ing. So much depends on the temperature—and our climate is just right. That's why you should Drink, in preference to others, **PRIMO**, the beer that's brewed to suit the climate.
